## Adaptive Physical Education

18- CREDIT HOUR PROGRAM

### COMPLETE COURSE LISTINGS

#### **ECIV 667 Parental Involvement and Family Engagement** (3 Credits)

This course will emphasize the importance of school and family communication and collaboration in order to support the student learning environment in school and at home. Participants will discuss the importance of promoting an equal partnership between parents, families and schools in making decisions that affect children, parents and families and in informing, influencing and creating school policies, practices and programs.

#### **CTAV 659A Introduction to Adapted Physical Education** (3 Credits)

Introduction to adapted physical education programming for students with physical and/or cognitive challenges. Emphasis on curriculum development, programming, equipment, and teaching methods in developing the adapted physical education program in primarily inclusive settings.

#### **CTAV 659B Methods in Adapted Physical Education** (3 Credits)

Adapted Physical Education (APE) is a special education service that provides school-aged children with special needs access to the physical education curriculum. Services are provided to students identified as needing APE intervention to facilitate their access to physical education. This course will emphasize: the identification of students requiring APE support; degree of support required; delivery models (continuum of services); characteristics and educational needs of students with disabilities; and instructional techniques which can be used with these students in the general classroom.

#### **CTAV 659C Assessment in Adapted Physical Education** (3 Credits)

An overview of motor and fitness assessments available for students with disabilities being served by adapted physical education specialists in physical education. Emphasis will be placed on the application of appropriate motor and physical fitness tests to make subsequent effective placement decisions and to determine provision of services for children with disabilities in school settings.

#### **CTAV 659D Practicum in Adapted Physical Education** (3 Credits)

As part of the requirements for the Adapted Physical Education endorsement a practicum is required. This forty-five hour practicum experience will include pre-practicum symposium, 35 hours of hands-on experience, and conclude with a post-practicum symposium. The hands-on experience will expose practicum students to school-aged children with several different disabilities, and will allow practicum students to plan and execute a variety of sports and recreation activities. Practicum experiences will be recorded by each student in a detailed log.

#### **SPDV 603 Introduction to Special Education** (3 Credits)

As part of the requirements for the Adapted Physical Education endorsement a practicum is required. This forty-five hour practicum experience will include pre-practicum symposium, 35 hours of hands-on experience, and conclude with a post-practicum symposium. The hands-on experience will expose practicum students to school-aged children with several different disabilities, and will allow practicum students to plan and execute a variety of sports and recreation activities. Practicum experiences will be recorded by each student in a detailed log.
