

Touro University Nevada

Beginning Spanish

18- CREDIT HOUR PROGRAM

COMPLETE COURSE LISTINGS

CTEV 635 ELL: Streamlining Multicultural Education (3 Credits)

This course will focus on methodologies and techniques of teaching in the ELL classroom. At the conclusion of this course, educators will be able to identify, describe and demonstrate curricular and pedagogical strategies that prove to be effective for both the academic as well as social development of students. Language acquisition theories and their implications will be discussed and researched. This course is designed for teaching the content areas of English as a Second Language (TESL).

CTEV 636 ELL: Hands-on Strategies and Resources (3 Credits)

The components and expectations of this course will allow the participant to enhance and ameliorate their oral communication, understanding, reading and writing of the Spanish language. Additionally, this class will discuss the limitations of traditional ELL curricula, and how teachers can meet the basic language and socio-cultural needs of ELL students in their classrooms.

CTEV 690A Conversational Spanish (3 Credits)

This class, in addition to the other classes in this eighteen-credit program, will allow the participant with basic Spanish speaking skills to enhance their skills in oral communication, understanding, reading and writing Spanish. Through a selection of Spanish readings, students will explore innovative instructional strategies that include raising the level of achievement for ELL students in math, science and social studies.

CTEV 690B Conversational Spanish (3 Credits)

This class, in addition to the other classes in this eighteen-credit program, will allow the participant with basic Spanish speaking skills to enhance their skills in oral communication, understanding, reading and writing Spanish. Through a selection of Spanish readings, students will explore innovative instructional strategies that include raising the level of achievement for ELL students in math, science and social studies.

CTEV 690C Conversational Spanish (3 Credits)

This class, in addition to the other classes in this eighteen-credit program, will allow the participant with basic Spanish speaking skills to enhance their skills in oral communication, understanding, reading and writing Spanish. Through a selection of Spanish readings, students will explore innovative instructional strategies that include raising the level of achievement for ELL students in math, science and social studies.

CTEV 690D Conversational Spanish (3 Credits)

This class, in addition to the other classes in this eighteen-credit program, will allow the participant with basic Spanish speaking skills to enhance their skills in oral communication, understanding, reading and writing Spanish. Through a selection of Spanish readings, students will explore innovative instructional strategies that include raising the level of achievement for ELL students in math, science and social studies.
